

PA RECRUITMENT IN LONDON

Oriel Partners is a boutique PA and administrative recruitment consultancy based in Central London.

2022 saw some of the highest salaries that we have seen within our PA and administrative sector since Oriel Partners opened in 2018. The job market was buoyant from the start of the year and continued to intensify in the second and third quarter of 2022. Whilst the job market remains strong, salaries look to be stabilising and clients seem to be adopting a more cautious approach to their staffing levels compared to previously seen.
